Action taken report on Feedback of Stakeholder

Table: Stakeholders and their count

Sr. no.	Stakeholder	No. of responses
1	Students	124
2	Alumni	42
3	Teachers	17
4	Employer	1

In the college, total four faculty members are engaged in the syllabus design and modification for the different courses such as B. Sc. Botany, B. Sc. and M. Sc. Biotechnology, B. Sc. Entrepreneurship and Compulsory Environmental Science. The suggestions received from stakeholders regarding the syllabus/curriculum are considered while designing the syllabus.

Table: Details of action taken

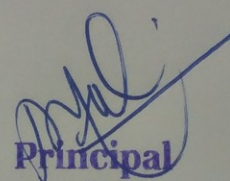

Sr.	Stakeholder	Feedback answers	Action taken to responses
1	Students	Development of library	No. of books, journals, magazines in library have been increased in their number.
		Wi-Fi facility	Decided to install the router in computer laboratory
		Campus placement	The provision for campus placement will be made from the academic year 2018.
		Campus with English language	The language lab has been established this year for the students which will help them to develop their soft skills. The students are motivated to speak in English in the class as well as outside. They are also motivated to anchor and deliver the speech in English on some occasions.

		Make avail ATM facility	The organization has planned to introduce ATM facility in the campus in future.
2	Alumni	Start sport hour in college schedule	Sports hours are already included in the academic time table.
		Provide guidance to SET/NET/GATE and other exams	In this academic year, some staff members have qualified NET/SET examination. This will be inspiring for the new comers and PG students. The guidance centre for the same will be started in the future.
		Personality development classes	Psychologists and business tycoons are invited for counseling and industrial visits are arranged for students frequently. These activities will help the personality development of students.
		Extra books expect syllabus	The books needed for MPSC/UPSC examination, research journals, magazines are available in the library in addition to the regular reference and text books.
		Research and technology	The visits to the industries and research centers are arranged for the students, this will increase the scientific temper of the students, the college has established MOUs with National Research Centre on Pomegranate (NRCP), D.B.F. Dayanand College Solapur etc. Laboratories are well equipped with the modern instruments.
		Start NCC	Suggestion will be considered positively for necessary action.
3	Teachers	Relationship between teaching and non-teaching	Communication among the teaching and non-teaching is up to the mark following the code of conduct and this is always favorable for the betterment of students and institute.
		Appointment of faculty	As per the rules and regulations of Govt. of Maharashtra and Solapur University, the faculties are recruited.
4	Employer	Improvement of technical skills	For the improvement of technical skills, the experts from different fields will be invited to inculcate the technical skill among the students.
		Work on communication skill	For the development of communication skill among the students, separate language lab has been installed.
		Prepare third year project helpful for society	The projects for the final year students will be allotted considering the benefits related to the society.
